

Family Emergency Note

Family Emergency Note

To Whom It May Concern,

Please accept this note as explanation for my absence from the family obligation on June 28th, 2025. My brother's wedding took place this weekend, requiring my immediate and full attention to family responsibilities. This unfortunately prevented the timely completion of my assigned tasks.

I will submit all outstanding work as soon as possible following the wedding. Thank you for your understanding.

Sincerely,

John Doe
